The above prices are for the exact envelopes, samples of which are attached hereto. Any deviation in stock or size will have to be taken up specially with the Distributing Agent before quoting prices. We urge that you persuade buyers to use the regular stock envelope if possible, as it will not be practical to supply any other stock or size at reasonable prices unless individual buyers' requirements run well over 100,000.

This does not apply to change of position or size of window opening on outlook envelopes. This change we can make in small quantities but it will be necessary to take up each individual case of this kind with the Distributing Agent, as there will be some slight extra cost.

For further information address Frederick L. Wertz, Special Distributing Agent, National Tuberculosis Association, 110 West 40th Street, New York, N. Y.
