LIONS CLUB
No attempt has been made in this edition
of the All Fund Catalog to bring all the
Lions Club issues under one heading, due
to the fact that many Lions Club issues
are not identified as such yet. Still
some of the early Blind issues had to be
listed here, and some of the related is-
sues, to show the growth and development
of the Lions Club Blind Activities in
Seal Sales, which would otherwise be lost
by independent listings. In many cases
several local clubs have used the same
seal, even in different years, and has
caused confusion in the minds of many
seal collectors. Every effort has been

to clarify these controversial dates as near as possible.

- Note: Varnish was used by both
 printers for part of their runs.
 The varnish is an under printing
 under the orange color, no doubt
 used to speed up drying. The
 varnish is transparent, and gives
 a slight gloss to the orange.
 The orange on unvarnished specimens
 have a more dull, flat appearance.
