

## Foreign Anti-Tuberculosis Associations

Not all of these societies have issued seals and some of these addresses are outdated. Many thanks to Richard Roberts and C. E. Hoger for helping me obtain this listing, which for many years hasn't been common knowledge to collectors. Due to the tragic death of seal dealer Roger Sargent who, unlike myself, kept up on new issue xmas seals; I feel it is now the right time to make these addresses available. John Denune
